Travis Parish
Town Administrator/ Village Manager
Town/ Village of Harrison
W5298 State Road 114
Menasha, WI 54952

This letter is to provide advance notice that the Wisconsin Department of Transportation is planning an improvement project at the US 10 and WIS 114 interchange in the summer/fall of 2017 (see attached map). Work at the US 10 and WIS 114 interchange includes:

- Concrete pavement repairs and asphaltic overlay on WIS 114 to, from, and over US 10.
- New beam guard and end treatments.

Construction will begin sometime between mid-June and early August and is expected to last roughly 2 months. Traffic impacts include:

- WIS 114 will be closed and detoured via County N and US 10.
- Work adjacent to US 10 will be performed under lane closures.

This letter is an initial step in "getting the word out" on this project. We will also be using local media outlets to notify the general public about the upcoming traffic impacts closer to the actual start of construction. During construction, changeable message signs will be used as needed to advise the public of changing conditions, and traffic impacts will be incorporated into the Wisconsin Lane Closure System. Updates on travel conditions will be available through 511 Wisconsin Travel Information.

Please direct any questions or concerns regarding the project to me at 920-362-1267 or via e-mail at timothy.verhagen@dot.wi.gov.

Sincerely,

A handwritten signature in black ink that reads "Tim Verhagen".

Timothy Verhagen, P.E., PTOE
WisDOT Project Manager

Enc.
