

2020 Crack Seal Program Information

PROJECT DESCRIPTION

The project will include routing and sealing of longitudinal and transverse cracks and joints on asphalt pavement. Some routing and sealing of longitudinal joints may also occur between the edge of asphalt and concrete gutter on urban street sections.

CONSTRUCTION SCHEDULE

Construction is anticipated to occur from September 28, 2020 to October 31, 2020. If temperatures begin to consistently drop below those allowed to place material, the project will be suspended until Spring 2021.

CONTRACTOR INFORMATION

Fahrner Asphalt Sealers, LLC
Project Manager Terry Higgins
2800 Mecca Drive
Plover, WI 54467
715-341-2868

PUBLIC NOTIFICATION

The contractor will be placing informational door hangers for all properties located within the project limits the week prior to construction commencing on their road.

TRAFFIC CONTROL AND ACCESS

No parking signs will be placed prior to construction on each specific road segment being completed. **The road will remain open to traffic during construction, but on-street parking will be prohibited.** Caution must be taken by residents when travelling near any construction equipment and workers.

MAIL AND GARBAGE/RECYCLING SERVICE

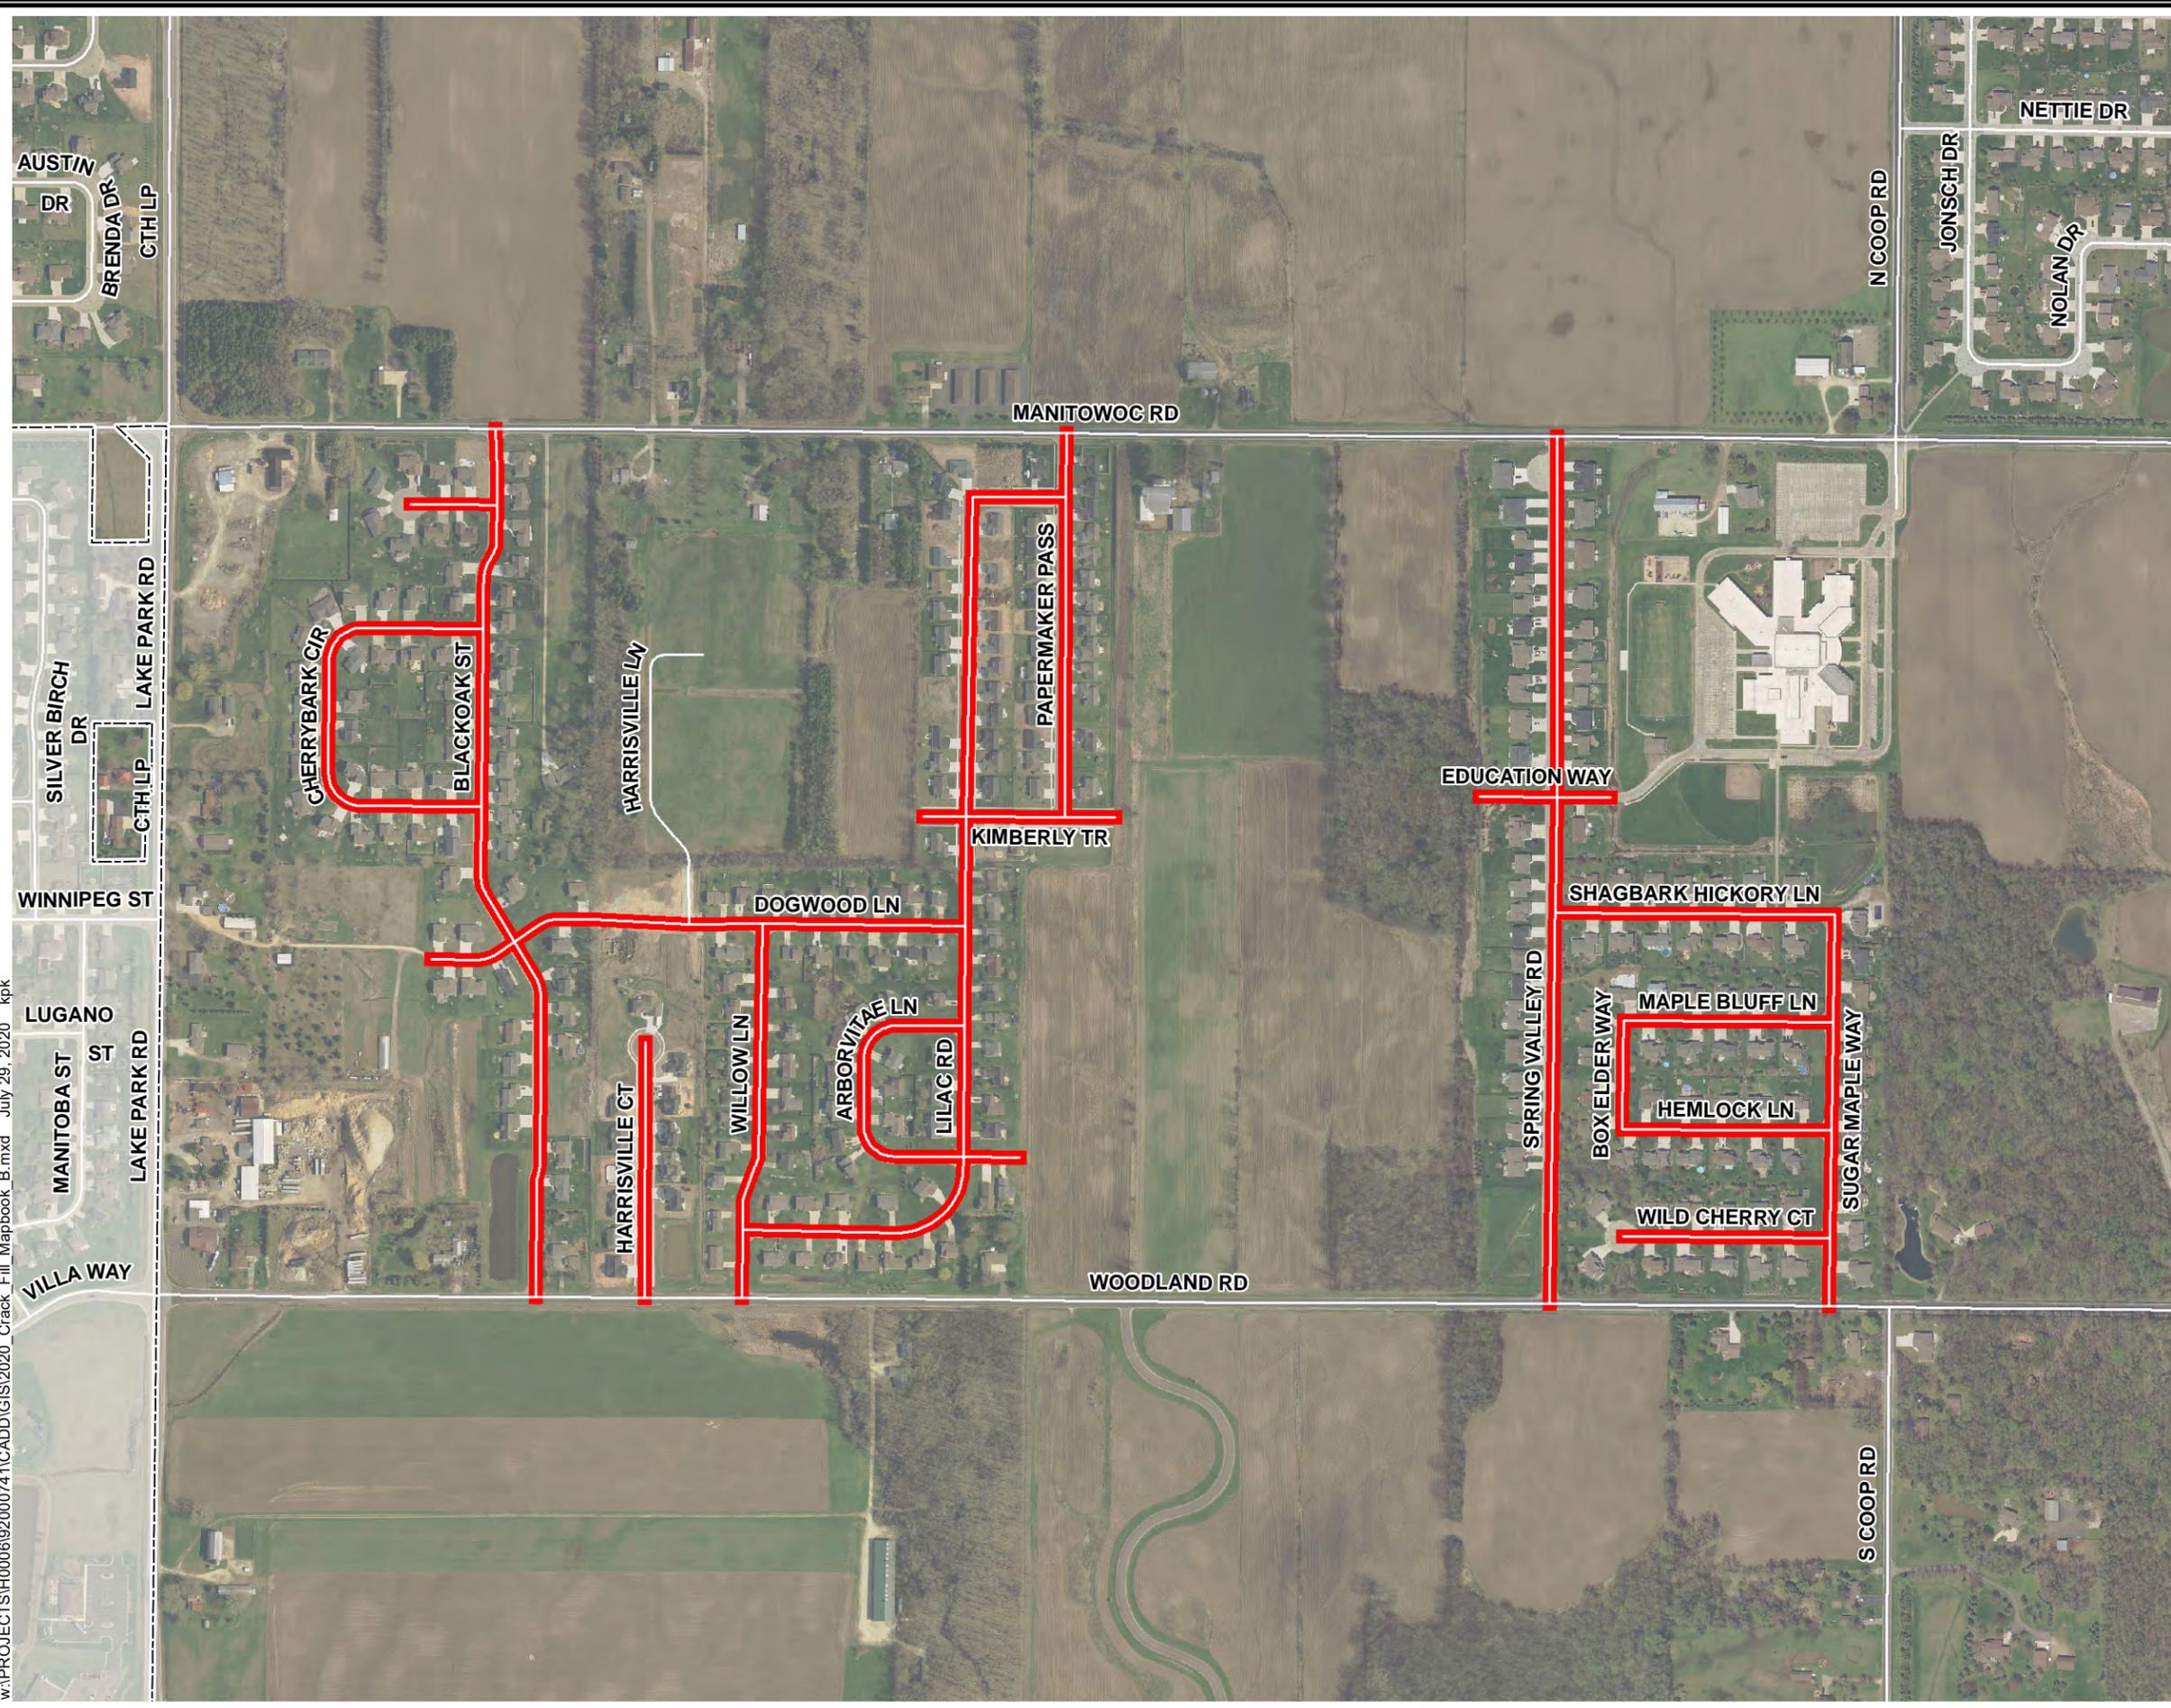

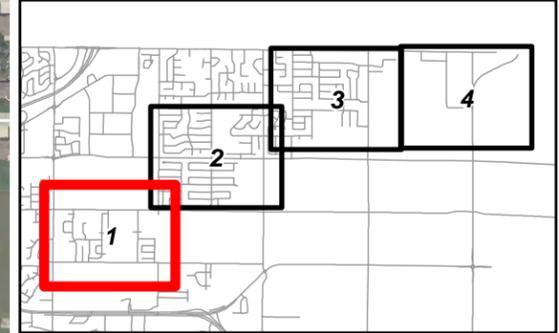

There will be no disruption to mail or garbage/recycling services since the roads will remain open to traffic.

PROJECT LIMITS

The roads on this project listed and mapped below (in order of priority) are anticipated to be completed as a part of the 2020 Crack Seal Program. The amount of material placed with this project is measured by weight, so once the budgeted contract amount has been reached, the project will end, meaning the possibility that not all roads listed will be completed with this contract.

Crack Seal Program Road List (In Order of Priority)

1. Blackoak Street
2. Cherrybark Circle
3. Sawtooth Court
4. Dogwood Lane
5. Willow Lane
