HOUSING FEE REPORT

EXECUTIVE SUMMARY

In 2018, the Wisconsin State Legislature approved new legislation which requires villages and cities of 10,000 population or more to provide two separate annual reports related to housing affordability and housing fees in an effort to shed light and foster change on affordable housing issues across the state. In 2018, the Village of Harrison, along with 11 other communities in the region, elected to contract with the East Central Wisconsin Regional Planning Commission to prepare these reports. In 2022, the Village of Harrison updated such report. Specifically, this document meets the requirements for Wis. Stats. 66.10013 (Housing fee report).

HOUSING FEE REPORT

Requirements of this report include the following elements:

- (1)** In this section, “municipality” means a city or village with a population of 10,000 or more.
- (2)** Not later than January 1, 2020, a municipality shall prepare a report of the municipality's residential development fees. The report shall contain all of the following:
 - a.** Whether the municipality imposes any of the following fees or other requirements for purposes related to residential construction, remodeling, or development and, if so, the amount of each fee:
 - 1.** Building permit fee.
 - 2.** Impact fee.
 - 3.** Park fee.
 - 4.** Land dedication or fee in lieu of land dedication requirement.
 - 5.** Plat approval fee.
 - 6.** Storm water management fee.
 - 7.** Water or sewer hook-up fee.
 - b.** The total amount of fees under par. (a) that the municipality imposed for purposes related to residential construction, remodeling, or development in the prior year and an amount calculated by dividing the total amount of fees under this paragraph by the number of new residential dwelling units approved in the municipality in the prior year.

(3)

- a. A municipality shall post the report under sub. (2) on the municipality's Internet site on a web page dedicated solely to the report and titled "New Housing Fee Report." If a municipality does not have an Internet site, the county in which the municipality is located shall post the information under this paragraph on its Internet site on a web page dedicated solely to development fee information for the municipality.
- b. A municipality shall provide a copy of the report under sub. (2) to each member of the governing body of the municipality.

(4) If a fee or the amount of a fee under sub. (2) (a) is not properly posted as required under sub. (3) (a), the municipality may not charge the fee.

Part 2A: The Village of Harrison imposes the following fees or other requirements for purposes related to residential construction, remodeling, or development. Only fees the Village sets/collects are included in this report. Fees set by others, such as sanitary and utility districts, county and etc., are not included in this report. A complete copy of the fee schedule is included in Appendix A. Table 1 lists the types and amounts of these fees:

Table 1: Village of Harrison Schedule of Fees (2022)

Building permit fee	Impact fee	Park fee	Land dedication or fee in lieu of land dedication requirement	Plat approval fee	Final plat approval fee	Storm water management fee	Water or sewer hook-up fee
\$300 (up to 2000 sq. ft.)/ \$400 (2001-3500 sq. ft.)/ \$500 (3501-5000 sq. ft.) \$600 (5001 sq. ft. or more)	<u>Law Enforcement</u> \$78/SF \$72/MF unit <u>Fire</u> \$660/SF \$611/MF unit	\$1,078/SF \$999/MF unit	Required as part of a new subdivision. If land dedication is not provided, then an equivalent fee is charged.	\$200+5/lot	\$100+5/lot	\$225-1,025 +.0025/sq. ft. disturbed impervious area	paid by developer

Part 2B: The total amount of fees under Part A that the Village of Harrison imposed for purposes related to residential construction, remodeling, or development in the prior year is listed in Table 2. This table only includes building and remodeling 2022 permit fees. It does not include fees collected for electrical, plumbing, HVAC, and other permits.

Table 2: Village of Harrison Fees Collected (2022)

Building permit fee (new construction+ remodeling permits)	Impact fee (Fire & Law Enforcement)	Park fee	Land dedication or fee in lieu of land dedication requirement	Preliminary Plat Approval fee	Final Plat Approval fee	Storm water management fee	Water or sewer hook-up fee	Total Fees collected
\$86,726	\$235,759	\$180,044	\$32,080	\$1,450	\$450	\$8,374	developer cost	\$544,883

The 2022 average total fee cost for a new residential housing unit has been calculated by dividing the total amount of fees collected by the number of new residential dwelling units approved in the Village in the prior year (Table 3).

Table 3: Village of Harrison Approved Residential Dwelling Units by Type (2022)

Single Family Building Units	2-Family Building Units	Multi-family Building Units	Mobile Home Units	Total
59	4	160	0	223

Calculation: $\$544,883 \div 223 = \$2,443$

In 2022, the Village of Harrison collected just over \$2,443 in fees for each new residential dwelling unit approved within the municipality. Remodeling projects do not typically include the following fees: impact, park, land dedication or fee in lieu of land dedication requirement (paid by developer at time of subdivision platting), preliminary plat approval, final plat approval, stormwater management, and water and sewer hookup. In 2022, the Village collected \$27,470 in remodeling fees.

Calculation: $(\$544,883 - \$27,470) \div 223 = \$2,320$

The 2022 average total cost for each new residential dwelling, minus remodeling building fees was about \$2,320.

Lastly, it should be noted that with the recent trend of creating mixed use developments (i.e. first floor retail and upper story apartments), many such projects are dealt with under commercial land development procedures. As such residential units associated with these projects are not considered in this report’s platting and permitting data. This also has the effect of increasing the “cost per approved residential unit” as shown in Table 3.
